The focus of Breathing Easier IX is “Living with Pulmonary Disease”. The conference will provide a series of state-of-the-art educational lectures and workshops on carefully selected topics. Asthma, cystic fibrosis, pulmonary manifestations of cardiac failure and mechanical ventilation will be discussed. Case based learning will be included.

Presentations will cover:

- European perspective on the delivery of respiratory care
- Using teamwork to improve evidence-based respiratory care
- Update on asthma management
- Case based learning: best of 2010
- Diagnosis and management of left heart failure in the pulmonary patient
- Management of the adult patient with cystic fibrosis
- Prolonged mechanical ventilation
- Home mechanical ventilation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Tufts University School of Medicine (TUSM), New England Sinai Hospital, Tufts Medical Center, Pulmonary, Critical Care and Sleep Division. TUSM is accredited by the ACCME to provide continuing medical education for physicians. This activity has been approved for *AMA PRA Category 1 Credits™*.

Registration of \$150 includes tuition, workshops, symposium materials and luncheon
